

SRI RAMACHANDRA

FACULTY OF ENGINEERING AND TECHNOLOGY

ADMISSIONS OPEN

2025-26

B.TECH. PROGRAMMES

B.Tech. Computer Science and Engineering
(Artificial Intelligence and Machine Learning)

B.Tech. Computer Science and Engineering
(Cyber Security and Internet of Things)

B.Tech. Computer Science and Engineering
(Artificial Intelligence and Data Analytics)

B.Tech. Computer Science and Medical Engineering
(Artificial Intelligence and Data Analytics)

B.Tech. Electronics and Communication Engineering

ELIGIBILITY FOR ADMISSION

B.Tech. - Candidates should have passed the final examination of any board (**CBSE, HSC, ICSE**) or equivalent with subjects Mathematics, Physics as compulsory and Chemistry or Computer Science or Biology or any other eligible subjects with an aggregate of **60%** of marks.

Lateral Entry Admission: Diploma candidates are eligible for direct 2nd year admission under Lateral Entry provision.

SRI RAMACHANDRA INSTITUTE OF HIGHER EDUCATION AND RESEARCH

About SRIHER

(Late) Shri N.P.V. RAMASAMY UDAYAR
FOUNDER - CHANCELLOR

- Established in 1985 as a Medical College
- Declared as a Deemed University in 1994
- Ranked 55th among universities in India in NIRF 2024.
- Received the grade, A⁺⁺, NAAC during its third cycle of assessment
- Graded as a Category 1 University by the UGC
- Currently offers 169+ multidisciplinary UG & PG Programmes

SRI RAMACHANDRA FACULTY OF ENGINEERING AND TECHNOLOGY

Sri Ramachandra Faculty of Engineering and Technology (SRET) started in 2019, aims to promote excellence in Engineering and Technology Education, by preparing graduates, to address societal needs and be at the forefront of innovation and research in the fields of Artificial Intelligence, Data Analytics, Cyber Security & Internet of Things, Medical Engineering, Health Informatics, Electronics Engineering and Bio-Informatics.

UNIQUE FEATURES OF SRET PROGRAMMES

Practice oriented curriculum

Mandatory internship at the industry for each year

Fully equipped classroom facilities for active learning

High performance computer labs

Collaborative research in Healthcare

Support to establish startups

Placements in top tier IT and Healthcare industries

Japanese language training for students

International collaborations for higher education and internships

LABORATORY FACILITIES

- High-performance GPU-powered Computer Systems for Artificial Intelligence & Machine Learning and Data Analytics laboratories.
- State-of-the-art IoT and Cybersecurity laboratories.
- Medical Engineering laboratory for Healthcare Innovation.
- Well-equipped electronic laboratories.

CAREER DEVELOPMENT PROGRAMMES

- Curriculum based Placement Training is conducted right from the first year.
- Training programmes on establishing startups and higher education

STUDENT ACHIEVEMENTS

- A final-year B.Tech student (running a start-up IT company, SUV International Pvt Ltd) received an award from the WASME for his exceptional contributions to Business, Innovation, and Society.

- Third-year B.Tech. students Won Second place (cash prize of Rs. 50000/-) at Hackathon X (Semi-finals), conducted by Tamil Nadu Open University and IIT Madras.

- Secured Gold medal in Kumite U21-55kg Category at the South Asian Championship 2022, held in Sri Lanka

- The project Refreshable Braille Display (RBD), secured second place at the International Hackathon event: KaniTamil 24, organized by the Government of Tamil Nadu.

INDUSTRY INTERNSHIP COMPANIES

Ms. DEEVNA REDDY
B.TECH AIDA,
Secured an internship offer at
amazon

with a remarkable stipend of
Rs.1,10,000 per month

HIGHER EDUCATION ABROAD

Around 25 students are pursuing their higher education abroad in top QS Ranked Universities

Akshaya Vajpeyarr of 2020-24 batch of B.Tech (AI & ML) has secured Masters admission at **National University of Singapore (NUS)** ranked 8th globally in QS rankings.

Shreya V, of 2020-24 batch of B.Tech. CSE (AI & DA) has secured postgraduate admission at **University of Cambridge** ranked 2nd globally by QS world ranking.
